# INTRODUCTION

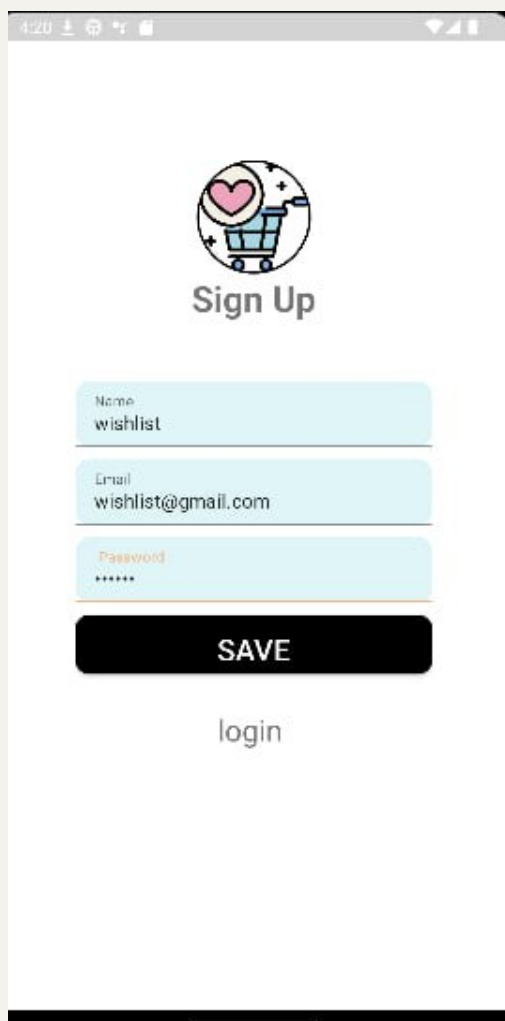

An application that collects all products from any international or local brand that you wish to acquire and purchase and saves them in your account for future reference. By creating an account and sharing your wishlist with your friends, this feature helps you to know your friends' **WISHLIST** through which they can know which products they like. You can also sign up with your friends with one account.

## BENEFITS OF APPLICATION

- Making a list to purchase later.
- You can add, delete or update.
- You can find out who added the product from any user by showing the email below the product.
- You can add several categories of related product types inside.
- Any image of any size can be inserted.

# APPLICATION:

## ADD NEW CATEGORY:

The screenshot shows a mobile application interface for adding a new category. At the top, the status bar displays the time 4:39 and various system icons. The app title 'Add New Category' is centered at the top of the screen. Below the title, there is a black button with the text 'CLICK HERE TO CHOOSE IMAGE'. Underneath this button is a light blue input field labeled 'Category Name'. At the bottom of the form is a black button labeled 'SAVE'. The bottom of the screen features a white navigation bar with four icons: a person icon, a shopping bag icon, a grid icon (which is highlighted in orange), and a house icon.

## ADD NEW PRODUCT:

The screenshot shows a mobile application interface for adding a new product. The status bar at the top displays the time 4:40 and various system icons. The main heading is "Add New Product". Below this is a black button with the text "CLICK HERE TO CHOOSE IMAGE". A dropdown menu is open, showing the word "Bags" with a downward arrow. Below the dropdown are three light blue input fields labeled "Product Name", "Details", and "Price". At the bottom of the form is a black button labeled "SAVE". The bottom navigation bar contains four icons: a person, a shopping bag, a grid, and a house.
